

# Smaller classes mean....

one on one time to  
support students and  
their learning needs!

# Smaller classes mean....

learning needs are met,  
and student mental health  
is better supported.

# Investing in public education means....

parents won't wait  
years for special  
education supports.

# Investing in public education means....

restoring the \$6.35 billion cut from public schools since 2018!
